Consultant Supervisor/ Project Manager

(2013-2023) Superior Quality Engineers

accomplished professional with a stellar track record in the field. I excelled in overseeing and managing consulting projects, providing strategic guidance, and ensuring successful project delivery. My tasks involve coordinating with clients to define project objectives, developing comprehensive project plans, allocating resources, and leading cross-functional teams. With exceptional leadership skills, I motivate and guide team Highly members to achieve project goals and deliver exceptional results. My goals center around client satisfaction, exceeding project expectations, and driving business growth. I have a proven history of accomplishing significant milestones, delivering projects on time and within budget, and maintaining strong client relationships.

Infrastructure and Facility Manager

(2009-2012) Bakubung Economic Development

An accomplished professional who thrives in their line of work, achieving significant accomplishments. I'm responsible for managing and maintaining the infrastructure and facilities of an organization. I oversaw maintenance and repairs, managing vendor relationships, ensuring compliance with regulations, and optimizing facility operations. My goals revolve around ensuring smooth and efficient facility management, enhancing operational efficiency, and creating a safe and comfortable environment for employees and visitors.

Production and Operation Plant Supervisor

(2005-2009) Lafarge Ready Mix Concrete

Responsible for overseeing all aspects of production and operations within a manufacturing or industrial plant. My primary tasks include managing and optimizing the production process, ensuring efficient resource allocation, monitoring quality control, and meeting production targets. I played a crucial role in identifying process improvements, implementing cost-saving measures
