PROFILE:

Dedicated Diesel Mechanic Assistant currently working at Vision Fleet Solutions. Also have 1 month experience on MAN trucks and buses at Joe's Maintenance and Repairs. Hands-on with diesel engine services, brake repairs, gearbox work, and basic auto electrics. Also serviced heavy yellow machines like TLBs, excavators, and power screens, including hydraulics. Looking for an opportunity to grow my skills and qualify as an artisan.

EXPERIENCE:

DIESEL MECHANIC INTERN | JULY 2025 - PRESENT

Vision Fleet Solutions

- Serviced and repaired Road Rail Vehicles (RRVs), including rail wheels, rail systems, and hydraulic lift systems
- Did auto electrical work: full vehicle wiring, fuse changes, and fixed cameras and rail system electronics
- Serviced T.L.Bs and excavators: engine services, hydraulic oil changes, and bucket piston replacements
- Repaired air brakes and normal brake systems on trucks and vehicles
- Worked on petrol and diesel engine services for trucks and heavy machines

DIESEL MECHANIC ASSISTANT | JUNE 2025 - JUNE 2025

Joe's Maintenance And Repairs

- Serviced diesel engines on MAN trucks and buses
- Repaired gearboxes and fitted propshafts on heavy vehicles
- Did brake repairs on MAN trucks and buses

PICKER AND CYCLE COUNTER | DEC 2022 - JAN 2024

Pick N Pay Distribution Centre | RSC Agent

- Picked stock using RF scanner to check item, quantity, and location as per system
- Operated PPT power pallet truck to move stock safely around the warehouse
- Met daily picking targets set by supervisors
- Did cycle counting to check warehouse stock and update inventory system records.
